## Commander Sends...

CDR Frederick D. Zugay, JN

The Squadron has some exciting events planned. In October, Cindy and I look forward to our annual Oktoberfest get-together at the Fairfax Yacht Club in Mason Neck, VA. This event always has plenty of good food (especially Cathy's bourbon balls) and of course the Commander's Locker. The Squadron will be performing Vessel Safety Checks to members of the yacht club upon request. And finally, during the first weekend in December, our annual holiday party is again this year at PJ Skidoos.

A reminder from the 50<sup>th</sup> Anniversary Committee, they are requesting members to provide any pictures of Squadron events from the past ten years (2007 to 2017). For our 40<sup>th</sup> Anniversary in 2007, Jean Durgin put together a wonderful booklet on the Squadron's History. This booklet is available to view on our website ([www.nvsps.org](http://www.nvsps.org)). Jean is hard at work assembling an addendum to cover the last ten years of events and history.

### **Old & New NVSPS Burgees**

In May 2017 the Northern Virginia Sail & Power Squadron will reach its 50<sup>th</sup> anniversary and be eligible to add a gold border to its burgee signifying that accomplishment. P/C Gale Alls will present a sample of the new 50<sup>th</sup> anniversary burgee at the October and November meetings. He will distribute order forms for burgees of several sizes. Delivery date TBD. The new burgees can be flown in May 2017.

***You could possibly save the US Coast Guard thousands of dollars, by doing one very simple task.***

Most recreational craft are either Documented vessels registered with the Coast Guard or registered with the home state of the boat’s owner and display an appropriate identification number as required. If the vessel should be found adrift or unattended authorities can quickly search government files to get the name of the owner and contact the owner, family or friends to determine the status of the boat operator.

When an abandoned paddle board, kayak or canoe is found there is no way to know if the operator is in distress, or if the boat broke its mooring and floated free. In any case, search and rescue effort must be started until there is a clear answer about the condition of the owner/operator.

The US Coast Guard has a program “Operation Paddle Smart” that provides canoe, kayak and rowboaters with an ID sticker that can be applied to their boat with space for the owner’s name and two phone numbers. In an emergency, authorities can contact family or friends and see if the operator might be in trouble. Obtain these stickers from the US Coast Guard or make your own.

## Message from the Secretary

Thanks to all who were able to attend our Day at the Creek II on September 17!

- Dave and Mary-Jane Hinkins

Since Summer is almost over, I thought I would share my favorite summer pie recipe,  
**an Italian Fruit and Strawberry Pie**

### The Crust

1 9" or 10" baked pie crust – baked - Either bought or your own will do just fine. Make sure you bake the crust first. If I make my own crust, I use a 10" fluted tart pan; if I buy a crust well then I use the pan it comes in!

### The Fruit

2 or 3 pints whole strawberries cleaned and stemmed, Slice off the fat ends of the berries so that the berry will sit flat. I take these fat ends and use them for the glaze. 1 banana, sliced, 1 pint blueberries washed

### The Filling

4 tbsps Sugar, 2 cups of mascarpone cheese, 1/4 cup Amaretto, brandy, cognac, or port (your choice)

In a bowl mix the mascarpone cheese with the liquor, and 4 Tbsps. sugar and blend until smooth. Spread this onto the bottom of the cooled baked pie shell and refrigerate.

### The Glaze

1 cup cold water, 1/2 cup granulated sugar (more if you like a sweeter pie - up to 1 cup), 1/4 cup cornstarch, 1 teaspoon zest (optional), 2 teaspoons lemon juice, Red food dye if needed (optional)

Whisk together the cold water in a sauce pan over medium heat, add the sugar, cornstarch, lemon juice and zest once the sauce is smooth and comes to a light boil, add the mashed berries. Continue to cook and stir until the sauce thickens. Add dye if you want a redder pie. Now you can use your blender or immersion blender to macerate more. Cool completely.

## **Continued from page 4—Italian Fruit and Strawberry Pie**

### **Putting the Pie Together**

I place banana slices on the bottom layer over the top of the mascarpone layer. Paint a small amount of glaze over the bananas, next I place the strawberries stacking more in the center using the glaze as glue (this never works well for me and the strawberries do as they please.) I just place the fruit so it looks as nice as possible, then sprinkle the blueberries into the bare spots. Finally pour the remaining glaze over the top of the pie.

This pie is great. It's not too sweet and you can adjust the fruit to your taste adding more bananas, blueberries, raspberries or blackberries to taste. If the strawberry season has lapsed or leaving out the bananas or blueberries.

*Happy Holidays &  
Safe Voyages in 2017  
from the crew of Blue Skies!*

The Flower Power Fund was established in 1988 by Dr. and Mrs. Lloyd Hazelton with a generous donation of \$5,000. Their donation and many others from members in the years since have been invested to produce interest income for the squadron. This income serves as a discretionary fund to be used by the commander (with advice from Executive Committee) for squadron expenses not covered by the general treasury. It has been used to purchase computers, projectors, student sextants, meals for the Wounded Warrior Cruises, and electrical service for the boat show booth. The fund, whose name comes from the Virginia state flower on our burgee, has grown to over \$27,000 and currently includes \$5,000 in spendable interest. Recently, the Executive Committee approved spending \$1,000 of FPF interest for 50<sup>th</sup> anniversary celebration expenses.

For more information, contact Dick Durgin at 703-560-9106 or [rjdurgin@aol.com](mailto:rjdurgin@aol.com).

Many thanks, everybody!

Mr. David Guillaudeu presented in September about his collaboration with Paul E. McCray on the roots of the W & OD Railroad, from its construction with Civil wartime setbacks, WW II boosts in passenger carrying, operating it with progressive engines and cars for people, grain, coal or oil, to maintenance and change in the needs of our nation's transportation systems. Great Falls Park was serviced by trolley and rail cars to entertainment areas by the falls. Today, we enjoy this "right-of-way" by walking and biking while passing by the few remaining historic landmarks. This trail has become the Northern Virginia Regional Park Authority's Washington & Old Dominion Railroad Regional Park.
